

NR 18 - SEGURANÇA E SAÚDE NO TRABALHO  
NA INDÚSTRIA DA CONSTRUÇÃO

---

### 18.4 PROGRAMA DE GERENCIAMENTO DE RISCOS (PGR)

**BRASILEQD**

João Paulo Maciel de Abreu, Eng. Civil, M.Sc.

---

---

---

---

---

---

---

---

## O PGR

---

---

---

---

---

---

---

---

---

---

---

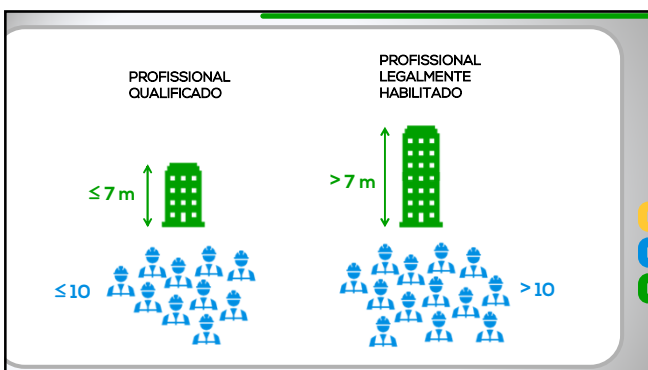

---

---

---

---

---

---

---

---

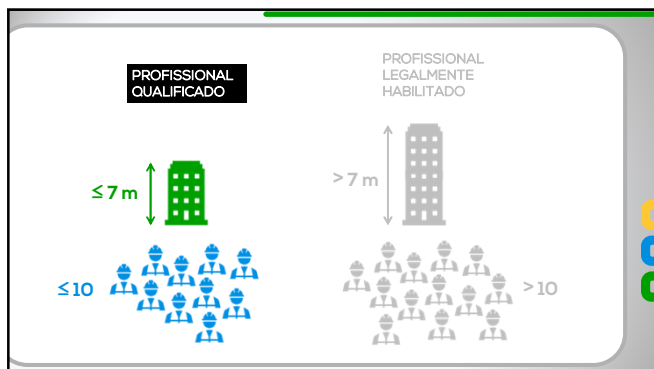

---

---

---

---

---

---

---

---

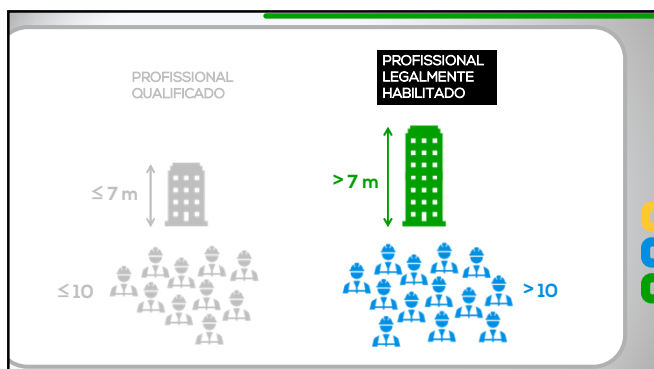

---

---

---

---

---

1.5.7.1 O PGR deve conter, no mínimo, os seguintes documentos:

a) inventário de riscos; e  
b) plano de ação.

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

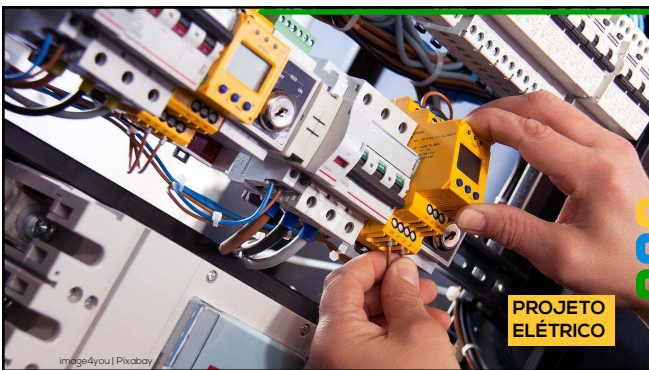

---

---

---

---

---

---

---

---

---

---

---

---

---

**ONDE DEVE  
FICAR?**

---

---

---

---

---

---

---

18.4.6.3 A documentação relativa à adoção de soluções alternativas integra o PGR do canteiro de obras, devendo estar disponível no local de trabalho e acompanhada das respectivas memórias de cálculo, especificações técnicas e procedimentos de trabalho.

---

---

---

---

---

---

---

**NA PRÓXIMA  
AULA**

---

---

---

---

---

---
